ABOUT CCFS

The Center for Campus Fire Safety (CCFS) is a non-profit, membership based, organization devoted to reducing the loss of life from fire at our nation's campuses.

CCFS is the voice of over 4000 campus fire & life safety officials, and has advocated for fire safety at the nations institutions of higher education for over 20 years.

MISSION

To be the national leader for improved fire and life safety at all colleges and universities by providing resources and educational programs to the greater campus community, and by assessing and promoting proposals for changes in national model codes, industry and reference standards as they relate to college and university infrastructure.

To serve as a national advocate and information resource for improved fire protection and prevention to the greater campus community.

To provide educational materials and training programs that promote, expand and strengthen campus fire and life safety.

To engage researchers, staff, students, parents, industry and the community to work toward more fire safe and secure campuses.
